

Thank you for downloading and using the Equipo Vision Int, Inc., (EVI Play), App. This app was created by an Amway™ Approved Provider and is intended for the sole use of EVI Affiliated Independent Business Owners (IBOs). This App was created by EVI using a development tool created and hosted by GoodBarber™.

The purpose of this Privacy Statement is to inform you about the types of information we might collect about you when you use our App, how we may use that information, whether we disclose it to anyone's, and the choices you have regarding our use of, and your ability to correct, that information. While the App is designed for smartphones and tablets, it can also be viewed as a website. This Privacy Policy and its intent equally applies to the web site version and while certain methods may change these policies remain the same.

What Information We Collect and How It Is Used

Any information we collect on our App generally falls into the following categories: Personally Identifiable Information or Aggregate Information.

Personally Identifiable Information refers to information that lets us know who you are or things specifically about you.

Guests:

Guests can view only certain areas of this App that are publicly available. The App doesn't ask for nor requires the guest to disclose any personally identifiable information. While guests could fill out the Registration form, if a registration is received for which there is not a corresponding entry in the EVI affiliated IBO database the request is deleted and no follow up action is taken.

B. EVI Affiliated IBOs

This App has a Registration form that asks for some information. The information needed is used to create an account to allow an IBO to login and use the App and to verify that the person making the request is a EVI affiliated IBO. Beyond that need, none of the information requested on this form is ever shared with anyone. The Profile section allows the App user to enter specific information about themselves and to take and display a picture. None of this information is available to anyone other than the user providing the information and the administrator of the backend of the app.

2. Aggregate Information

This refers to information that does not, by itself, identify you as a specific individual. Such information would include the type of device used to access this App, your Internet Protocol ("IP") address (a number automatically assigned to your computer whenever you surf the Web), your operating system and browser type.

We may collect, compile, store, publish, promote, report, or otherwise disclose or use any Aggregate Information, provided that such information does not personally identify you. We do not correlate any Personally Identifiable Information with the Aggregate Information that we collect on this App. If we do correlate any Aggregate Information with you, it will be protected like any other Personally Identifiable Information under this Privacy Statement.

Sharing Your Information

Except as disclosed in this Privacy Statement, we do not sell, trade, rent or otherwise retransmit any Personally Identifiable Information we collect online unless we have your permission. Any Personally Identifiable Information you provide to us will be stored in our databases.

From time to time, we may provide Personally Identifiable Information in response to court order, subpoena, or government investigation. We also reserve the right to report to law enforcement agencies any activities that we in good faith believe that such release is reasonable necessary to enforce or apply our Terms of Use or to protect the rights, property, and safety of others and ourselves.

Accessing and Correcting your Information

We take reasonable measures to ensure that Personally Identifiable Information we collect on this App is accurate, current, complete and reliable for its intended use. If you wish to update or otherwise correct Personally Identifiable Information you have provided to us, contact us as described in the "Contact Us" section, below and we will assist you.

Protecting your Information

It is your responsibility to safeguard the password you use to access this App and to promptly advise EVI if you ever suspect that your password has been compromised. We strongly encourage you to change your password regularly to prevent unauthorized access. Because your username and password are specific to you, you acknowledge sole responsibility for any and all use of this App Site conducted with your identification number and password.

Links to Other Websites

Links to third-party Web sites may be provided solely for your information and convenience. If you use these links, you will leave the App. This Privacy Statement does not cover the information practices of those Web Sites linked to this App, nor do we control their content or privacy policies. We suggest that you carefully review the privacy policies of each site you visit.

Changes to this Statement

Any updates or changes to the terms of this Privacy Statement will be posted here on this App and the date of the newest version posted below. Please check back frequently, especially before you submit any Personally Identifiable Information in this App, to see if this Privacy Statement has changed. By using this App, you acknowledge acceptance of this Privacy Statement in effect at the time of use.

Permissions Requested

iOS Permissions

These are the permissions that this App will always ask for:

Send Push Notifications

Location Data

If the user performs an action that triggers them:

Access to photos/Videos

Login to Twitter

Access to Calendar

Access to Maps

Android Permissions

Installing the App from Google Play

This is the complete list of permissions asked by this App:

Identity: This gives the App access to the profile data of the user. This is what lets us find a Twitter or Facebook account of the users, if they want to use those services.

Location: This includes both the approximate, network-based location, as well as the more precise GPS-based location, if the user has activated GPS on their device.

Phone: This is what lets users make one-touch calls through the “Contact” section.

Photos/Media/Files: This lets you choose a file on your device to upload through the “Submit” section

Wifi Connection Information: This lets the application know whether there is a connection to be able to download content.

Device ID & Call information: We use this to be able to send push notifications. We only see an internal device ID that’s attributed to every device - so there's no way for us to be able to identify any individual users.

Contact Us

If you have any concerns about our use of your information or about this Privacy Statement, please send an e-mail to support@equipovisionint.com, or call (559)455-9102. We will make Every reasonable effort to address your concerns and remedy any problems you bring to our attention.

Effective January 1, 2019. © 2019 Equipo Vision Int, Inc., U.S.A, all right reserved.
